TRANSNATIONAL

REFUGEE PROTEST

SPRING 2014

CALL FOR UPRISING!

FROM THE STRIKING REFUGEES FROM ORANIENPLATZ, BERLIN

Following a long tradition of refugee struggles against the violation of our human rights, after tentactions in different cities, 600 km foot-march and bustour, we set up the Refugee Protestcamp at Oranienplatz, Berlin October 2012. It's there, we are keeping our resistance on the streets since more than 1 year and we will stay until our demands are met! This is just the beginning.

We want to build a transnational network of refugee protests to prepare for an uprising before the EU-eleccions in May 2014. What do you think about a refugee-march from different countries and cities to Brussels starting spring 2014?
